# Public Input Opportunity

Come share your views about the transportation planning process  
in the Northern Middlesex region!

Every four years, the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) are required to review the metropolitan transportation planning process conducted by the Northern Middlesex Metropolitan Planning Organization (MPO), Massachusetts Department of Transportation, Lowell Regional Transit Authority, area providers of public transportation, and local municipal partners in order to certify that they are carrying out the process in accordance with all applicable Federal requirements.

As part of this review, the Federal agencies would like to hear from members of the public on their views of how the metropolitan transportation planning process is conducted in the region.

Please attend the upcoming virtual public input session conducted by FHWA and FTA. The virtual public meeting session will be held during the regularly scheduled Northern Middlesex MPO meeting.
